Beach parking lot no longer 'free'

BY MARY G. SEILEY

There's no longer a "free" public parking lot on Beach Boulevard—but the new owners of the property say it'll remain open as a commercial parking facility while bigger plans are being hammered out for the tract.

Members of the Murphy family were at work Wednesday morning, setting pipes across the lot's entrance to control access. Even as the work began, some undeterred motorists wheeled into the lot, parked, and went into nearby businesses.

Customers using the drive-through Hancock Bank will be allowed to cut through the lot

and exit on Beach Boulevard, at least for a while.

The Murphys say they can appreciate that some merchants will be upset over the conversion of the lot to an hourly fee lot, lodged between the Fire Dog Saloon and Chessey's Art & Antiques.

But the Murphys believe that area merchants will thank them one day for launching a most significant revitalization of downtown Bay St. Louis.

"The city has just dropped the ball on it," said Ken Murphy of the lot and the parking issue in general. Until last Friday, the lot operated as a free municipal facility.

The Murphys recently ac-

quired title to the property from Sherman Reynolds of Florida, after six years of negotiating for the purchase. The Murphys say the lot is the missing key needed in their plans to build up to 100 rooms of upscale hotel rooms, new retail shops and restaurants, parking facilities and new marina on the waterfront.

Feasibility studies are underway to see if those plans are viable, and the Murphys expect a major development thrust to materialize shortly.

In the meantime, they say they have no choice but to start charging for parking if the lot is to remain open. "Liability is the major problem," said Ken Murphy, noting that insurance has to be carried on the property in addition to the cost of the note to purchase it, and the costs of operating it as an attended lot.

City Council members were taken aback at a meeting June 22, when they received a letter from Ray Murphy notifying them of the ownership change and requesting immediate discussions concerning the lot's future.

City officials reacted by referring the matter to their attorney and staff. They said while the municipality once had a lease on the lot, it had lapsed. On Friday, a city official removed the city's parking lot sign, conceding that the lot isn't a public facility.

Baseball items lifted in Kiln

BY ED LEPOMA

Hancock County Sheriff's Department deputies are on the lookout for whoever broke into the equipment room at the Kiln Baseball Field off Hwy. 43 and escaped with an estimated \$4,200 in items.

The break-in, which was investigated by deputy Ron Cuevas after it was reported June 23, was mentioned at last Monday's meeting of the Board of Supervisors by Chancery Court Clerk Tim Kellar.

Kellar said baseball officials wanted to know if the loss in property was covered by the county's umbrella insurance policy, since the ballfield and equipment room are county property. The popular ballfield is located directly behind the

of Hilton Hotels Corp. that owns Grand Casinos.

Phoenix Leisure President Eric Nelson said the ship has 23,000 square feet of gaming space, 828 slot machines and 38 table games. It can accommodate about 1,500 passengers.

The riverboat was built in Lockport, La., in 1994, and has been docked in Windsor, Ontario, Canada. It was one of the

County seeking \$1M Tidelands

BY ED LEPOMA

Hancock County has prepared a "wish list" seeking \$1 million in Tidelands funding for waterfront improvements next year.

Jeff Loftus, the county's consultant to the Regional Planning Commission, gained approval to file the county's formal application with the Department of Marine Resources at the Board of Supervisors' recess meeting Monday.

Loftus told supervisors he was trying a new tactic this year, lumping the requests together to include improvements to rural and urban waterfront areas.

Patrols beefed up for July 4th

BY ELLIS C. CUEVAS

Hancock County Sheriff Ronnie Peterson, Bay Police Chief Frank McNeil and Waveland Police Chief Jimmy Varnell, all report their respective departments will have extra units out in force over the long July 4th holiday weekend.

Peterson also said the beach and water patrols will be out over the long weekend too.

The law enforcement leaders urge all motorist and boat operators to please do not drink and drive.

McNeil also reported there will be several officers at the Our Lady of the Gulf Crab Festival Friday, Saturday and Sunday to help with the traffic.

Peterson indicated that deputies may be checking for the use of proper equipment at designated road blocks over the weekend.

Varnell, McNeil and Peterson, all urged residents to use extreme caution when traveling the roadways and highways, as traffic is expected to be very heavy for the long weekend.

Bay YMCA survey needs citizen's input

Task Force operation nets 34 in roundup

BY ELLIS C. CUEVAS

Before the crack of dawn Wednesday morning, Multi-Drug Task Force officers left the Hancock County Civic Center in teams of five to six, armed with warrants for the arrests of some 47 suspected drug dealers.

Task Force Director Shane Corr gave the word as some 45 officers moved across the county from east to west and from north to south serving the warrants on the unsuspecting targets. Besides MTF agents, those who made the rounds included Bay and Waveland policemen, agents with the Mississippi Bureau of Narcotics, Stone County drug officers, HIDTA DEA task force, Miss. National Guard and two canine officers.

The group was supported by other officers who helped with tasks such as transportation, booking, processing, and photographing.

The Operation Incarceration marked the end of a six-month investigation by task force officers in an attempt to stem the tide of drugs being sold in Hancock County.

By mid-day, some 34 of the suspects were behind bars, with others to follow, as they are located, Corr said.

The primary charges were sales or transfers of illegal drugs.

Of the group of 47 warrants, 12 were for women, which Corr said appears to be a record for such an operation in the county. The 47 warrants were also a record for a roundup of this

sort. Of those arrested, six will remain in jail with no bonds, because of prior records, Corr reported.

Corr listed the following as

NOTICE OF INTENT

The Department of the Navy proposes to establish the Naval Special Coastal Warfare and Riverine Training Center at the Stennis Space Center, Mississippi. The proposed action would include:

- Construction of training, supply and maintenance facilities for Special Boat Unit (SBU) 22, currently operating in temporary facilities at Stennis Space Center;
- Construction of a school, barracks and galley for the Naval Small Craft Instructional and Technical Training School (NAVSCIATTS), that is being relocated from Naval Station Rodman, Panama; and
- Increased riverine operations associated with the relocation of NAVSCIATTS.

The preferred alternative is to establish the Naval Special Coastal Warfare and Riverine Training Center on an approximately 150-acre parcel adjacent to the Main Canal at the Stennis Space Center.

The Navy will prepare an Environmental Assessment (EA) to evaluate the environmental effects of this proposed action. Agencies and the public are invited to provide written comment on issues or concerns that should be addressed in the EA.

Comments should be mailed no later than July 16, 1999 to:

Fire Chief offers firework safety tips

It is extremely important to know the difference between a legal consumer firework and a dangerous explosive device. Stay away from anything that isn't clearly labeled with the name of the item, the manufacturer's name and instructions for proper use.

Here are some tips to help ensure a safe Fourth of July in Bay St. Louis from Fire Chief Robert Gavagnie:

- Stay away from illegal explosives. Illegal explosive devices continue to cause serious injuries around the July 4 holiday.

These devices are commonly known as M-80s, M-100s, blockbusters or quarter-pounders.

Federally banned since 1966, these items will not contain the manufacturer's name and are usually totally unlabeled. Don't purchase or use unlabeled fireworks.

If you are aware of anyone selling such devices, contact the Bay St. Louis Police Department at 467-9221.

- Homemade fireworks are deadly. Never attempt to make your own devices and to not purchase or use any kits that are advertised for making fireworks.

Mixing and loading chemical powders is very dangerous and can kill or seriously injure you. Leave the making of fireworks to the experts.

- Always read and follow label instructions.

- Have an adult present at all times.

- Buy from reliable fire-

works sellers.

- Ignite all fireworks outdoors.

- Have water handy.

- Light all fireworks one at a time.

- Never re-ignite malfunctioning fireworks.

- Never give fireworks to small children.

- Store fireworks in a cool, dry place.

- Dispose of properly.

- Never throw fireworks at another person.

- Never carry fireworks in your pocket.

- Never shoot fireworks in metal or glass containers.

"Residents and visitors must follow Bay St. Louis City Code Section 46 in the discharge of fireworks.

During the July 4 holidays, fireworks may be sold, purchased and discharged from June 24 through July 4 only.

"Fireworks may not be discharged into or on any street, avenue, alley or sidewalk. All necessary and reasonable precautions for safety must be taken," said Chief Gavagnie.

"As a reminder, bon fires within the city of Bay St. Louis are authorized in the area from Washington Street to Bay Oaks Drive. Bon fires require a permit issued by the Bay St. Louis Fire Department at 310 Old Spanish Trail.

Also required is a \$100 clean-up deposit (check only) to be returned upon inspection of area and a copy of the individual's driver's license or picture I.D.

Deputies nab burglary suspect

BY ED LEPOMA

Alert Hancock County deputies arrested a Bay St. Louis man early Sunday morning leaving the Hwy. 603 Auto Salvage shop with front tires and rims on his truck that he allegedly stole from the business establishment.

According to Chief of Detectives George Burleson, Bobby Don Payne, 30, of 7121 Walthall Street, was arrested at the scene without incident by Deputy Mike Delacruz.

Burleson said Payne had been a suspect since an original burglary at the business last January, when tools and other items were stolen. And, on June 19, the suspect was spotted driving the truck with the stolen tires and rims on it, Delacruz said.

Payne is in Hancock County jail charged with one count of

burglary and one count of possession of stolen property. His combined bond is set at \$30,000.

Assisting in the investigation and arrest were Deputies Corky Hoda, Andre Fizer, Tim Broder and an Abe Long.

"CUEVAS' QUOTES"

By Ellis C. Cuevas

Just think, today marks the beginning of the last six months of this century. Only six months and we will move into the next millenium.

This long weekend is one of the busiest of the year with so many activities for persons of all ages.

There is a fishing rodeo, festivals, church fairs, picnics, family gatherings, boat parades, fireworks display, and the list can go on and on.

The 51st Mississippi Deep Sea Fishing Rodeo, with headquarters at the Rice Pavilion in Gulfport, runs Friday through Monday.

This is billed as one of the largest fishing rodeos in the world.

There will be prizes for many salt water species and several fresh water fish.

The most interesting thing is that there is no entry fee. All a fisher person has to do is register before fishing.

There will be live entertainment for the fishing rodeo each day and a major fire works display on Sunday night.

Many of the residents of Hancock County are involved with the fishing rodeo, such as Russell Elliott, who has been one of the directors for the past 37 years.

The fish will be on display daily. There is a \$2 admission for adults during the entertainment time I am told. I hope you get to go to the fishing rodeo.

Friday, Saturday and Sunday marks the 15th annual Our Lady of the Gulf Crab Festival in Bay St. Louis on the church grounds.

This is an ever-popular event with hours of 10 a.m. to 10 p.m. on Friday, Saturday and Sunday.

There will be live entertainment, food of all types, all types of games, arts and crafts, rides, white elephant booth, children's events, raffles and much more.

Pam Metzler is the overall chairman and has been very busy along with hundreds of others making preparation for the big three-day fund raiser for Our Lady of the Gulf.

Metzler said she expects this year's fair to be the biggest and best ever. The Crab Fest is a family affair that brings all the people of the community together, Metzler stated. Entertainment is to be the best ever this year. Many of the old time church fairs games for small children will be highlighted.

This weekend will mark the 73rd annual Church Fair for St. Rose de Lima Catholic Church on Necaise Avenue in Bay St. Louis.

St. Rose's events run Friday, Saturday and Sunday on the church and school grounds. Dinners will be served from 11 a.m. to 7 p.m. each day in the parish center.

The fair hours are 6 p.m. to midnight Friday, Saturday and Sunday.

There will be women softball games on Saturday beginning at 3 p.m. featuring Y2K Ready Team on the school grounds.

St. Rose's fair brings delicious foods, games for all ages, raffles, tests of skill, seafoods, etc.

On Saturday, the annual Garden Island Community Association's boat parade is scheduled for 5 p.m. Note, this is a time change for the boat parade which is usually earlier in the day.

Association president Lynn Bell said the time change is to hopefully have the event during a cooler part of the day.

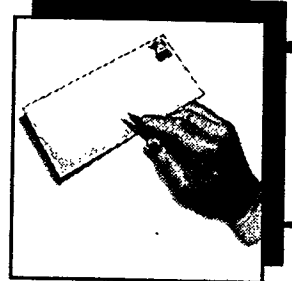

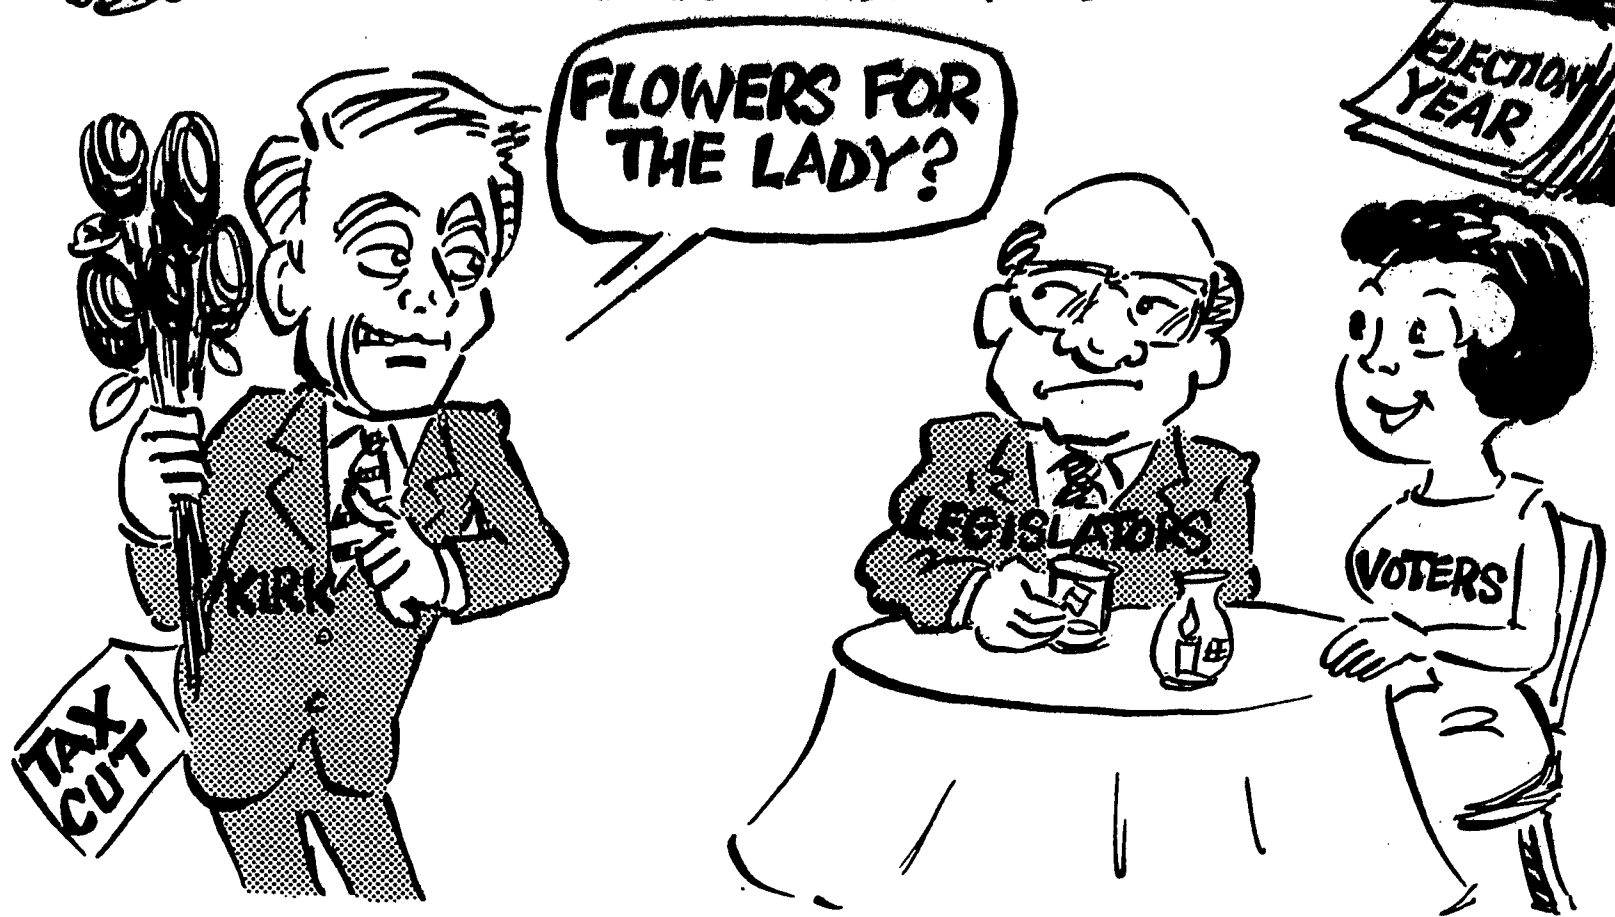

The Garden Island Community is located off Washington Road. It is always a fun time for the residents of the community who top off the parade with a group picnic.

On Sunday night, there will be a large fireworks display at Casino Magic Bay St. Louis set for 9 p.m.

There will be some bleachers for spectators on the grounds of the west side of the casino. The public is invited.

LETTERS TO THE EDITOR

Reader makes suggestions to help traffic flow

Dear Editor:

In reference to your recent news article concerning Murphy's plan to add to the downtown Bay St. Louis business district, which would obviously create a tremendous need for better parking availability, I would like to make the following suggestions to the city and county administrations:

1) Make Beach Boulevard from Hwy. 90 to Main Street a one-way street and install a three-way stop. This would create a safer traffic flow in and out of the downtown business district.

2) Establish angled parking as opposed to the present parallel parking, thus creating more parking space.

3) Enforce the present 25 mph speed limit more rigidly and install a four-way stop at Washington Street and three ways stops at both Nicholson and Coleman avenues.

This would give the residents of Beach Boulevard some relief from the steady flow of traffic which now exists.

This would be a temporary solution to a long existing problem which should have been addressed many years ago.

Sincerely,
Thomas "Tom" Williams
Hancock County

"George" needs your help

To the Editor:

George needs your help! The "Father of our Country" would like to go with us into the millennium. However, he is not feeling very welcome. Seems we have let George down. In 1799 this nation stepped into this century in deep mourning over his loss. Today, we no longer give him the respect of referring to his legal holiday by name.

Under the United States Code, section 6103 of title 5, the third Monday in February is "Washington's Birthday." Somewhere along the way, it became "President's Day." Does that mean we are honoring all presidents on this day? Why? We only have one first president of the United States of America.

Stuck in committee is "The George Washington Bicentennial Act of 1999," requesting Congress to observe/protect that Code and allow this legal public be called the name it was given.

House Bill 1363 was referred to the House Committee on Government Reform; now in the Subcommittee on Civil Service. The Senate's bill is "being considered" by the Judiciary Committee.

Congress is trying to protect the American Flag. Can we not also respect the man whose integrity, courage, values, and selfless devotion to this nation, is credited by our forefathers, to be the single most important individual we, as they did, need to thank? For without the leadership of George Washington can we be certain there would even be an American Flag? This flag which needs protecting, why is that? Have we so ignored the Father of our Country that we no longer honor what he stood for?

To return the third Monday in February to the man for whom it was designated will help to remind our elected officials, as well as ourselves, of the basic principals upon which this country was established.

Please contact your Congressional Delegation expressing your support for, and expecting their "yes" vote to return to George his day. We need to take the example of his character into the millenium. We simply cannot pioneer the future unless we remember the past.

21 February 2000: George Washington's legal holiday.

TECHNICALITIES

By State Auditor Phil Bryant COUNTIES

Q May a tax assessor refuse to allow a mobile home to be reclassified from personal property if there are delinquent mobile home taxes due?

A No. Section 27-53-15 does not permit a tax assessor to refuse to reclassify from personal property to real property when delinquent mobile home taxes are due. (Attorney General's Opinion to Blackledge dated April 16, 1999)

Q May a land redemption release be voided if it was paid for with a back check?

A Yes. A dishonored check is a failure to pay; the redemption release should be voided. (Attorney General's Opinion to Ross dated May 15, 1998, and Edens dated Nov. 11, 1993)

Q May a bank insure a county's deposits in lieu of pledging securities as collateral?

A Yes. Section 27-105-5(1)(f) allows county deposits to be secured by surety bonds of any surety company authorized to do business in the state of Mississippi.

Q May the chancery clerk refuse to issue checks approved by the board of supervisors if budget estimates have been exceeded?

A Yes. Section 19-11-17 prohibits the chancery clerk from issuing warrants for expenditures in excess of the budget estimates made and approved by the board of supervisors, except upon court order or for an emergency as provided in Section 19-11-21.

Mississippians are greatly concerned about dangers created by drunk drivers and favor a tougher stance against these individuals, according to polls conducted by Mississippi State University's social Science Research Center.

The polls, conducted in late 1998 and early 1999, found that 58.8 percent of those polled regarded the combination of drinking and driving as a serious problem in their communities, 75.3 percent had a fear of being hit by a driver who had been drinking and 74.9 percent felt that nobody should be allowed to drive after drinking any amount of alcohol.

State legislators supporting surprise roadblocks were police test all drivers for drunk driving was advocated by 78.8 percent of the respondents, and 57.6 percent favored lowering the blood alcohol concentration (BAC) from .10 to .08 in defining driving under the influence DUI.

Most of those polled advocated a tougher stance against drunk drivers with 72.9 percent indicating that state legislators should support requiring anyone convicted of drunk driving to automatically lose his or her driver's license for one year, 79.6 percent encouraging legislators to support requiring convicted drunk drivers to spend some time in jail and 54.1 percent indicating that legislators should support having police impound a convicted drunk driver's vehicle for one year before returning it.

The belief that those who drive after drinking in their communities are likely to get caught and arrested was voiced by 55.7 percent of the participants.

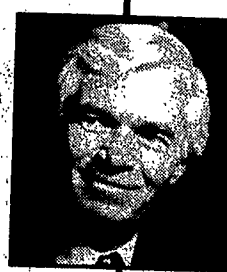

Most of those polled supported providing government funding to deal with the drunk driving problem. Support for increased government funding to step up treatment programs for those with alcohol problems was voiced by 66.6 percent of the respondents, 78 percent favored government funding for television advertisements on the dangers of drunk driving and 71.2 percent were in favor of government funding for anti-drunk and drive groups such as Mothers Against Drunk Driving (MADD).

Ron Sennett, executive director, Mississippi Division of Public Safety Planning, noted that "year after year, more than 350 motorists lose their lives in alcohol-related crashes."

Drunk driving certainly is Mississippi's most serious roadway safety problem, and it's encouraging to find that there's considerable concern about addressing this problem.

"Alcohol impairs a person's ability to operate a motor vehicle to the point that he or she can cause a serious crash," Sennett said.

"It's extremely important never to consume any alcohol before or during the operation of a motor vehicle, to never ride with a driver who's been drinking an alcoholic beverage and to report all suspected drunk driving incidents to the nearest law enforcement agency or to the Mississippi Highway Safety Patrol. The highway patrol may be reached by dialing *HP on cellular telephones."

WASHINGTON REPORT

By State Senator Thad Cochran

Cochran introduces Arts Education Act

Senator Thad Cochran introduced The Congressional Recognition for Excellence in Arts Education Act that would establish awards for schools that include the arts in their regular curriculum.

"My bill established the Congressional Recognition for Excellence in Arts Education Awards and a board to direct the activities needed to promote it, to encourage arts curriculum, and to determine eligible schools," Cochran said.

Earlier this year, the Arts Education Partnership, a private, nonprofit coalition of organizations, released a report which profiles 91 American school districts with successful arts curriculum programs, including Hattiesburg and Starkville school districts.

Another example of innovative efforts to support excellence and commitment in arts instruction is the Mississippi Arts Commission's Whole Schools Institute at Millsaps College, which began this year.

It is a week of professional development in teaching, planning and implementing new curriculum.

Many professional studies, including the 1997 National Assessment of Educational Progress Arts Report Card, have reported the relationship of arts education to brain development, student achievement, career potential and other life quality issues.

They have shown that instruction in this area can improve competency and literacy.

Chamber leads Civic Center's landscaping

BY ED LEFOMA

Hancock County and the Chamber's Beautification Committee are continuing with plans to spruce up the inside and outside of the Civic Center on Longfellow Drive.

At Monday's Board of Supervisors meeting, Chamber Director Amy Gregory and Committee Chairman Ellis C. Cuevas, gave a report on the work ahead to landscape the parking lot outside.

The Chamber anticipates the cost to landscape will run about \$2,000, and has donated \$500 in seed money to encourage participation.

Gregory said the Committee has recruited Lynn Bell, President of Hancock County Master Gardeners, to organize the actual landscaping work.

County agent Mike Keene will get donations from Wal-Mart, get bids and purchase some items. He will coordinate new projects on Longfellow and state Hwy. 603 to complement the beautification at the Civic Center.

Janet Dudding of the Bay-Waveland Garden Club has drawn up the plan for the landscaping project, donated all fertilizer, and will work with the Master Gardener's group.

County Fire Marshal Richard Pate will oversee grass removal, leveling and tilling of the soil, and solicit donations from K-Mart.

Gregory asked supervisors to erect a new sign at the corner of Longfellow and the Civic Center to advertise the Farmer's Market, and to take down old

signs in windows at the Civic Center.

The county has already painted the interior of the Civic Center, and installed new ceiling tiles.

On Monday, supervisors asked Chancery Clerk Tim Kellar to begin preparing bid specifications so interested firms can submit bids for scoring the floor of the Civic Center.

The process uses a machine to cut patterns in a concrete floor, then covering the cement with a heavy way finish.

"It's requires basically low or no maintenance," Kellar later told the Echo.

The Civic Center building contains approximately 20,000-square-feet under one roof, and is used for public meetings, fundraisers and private parties.

And, Manuel Gordon Powell, Jr., 37, 907 Shipp St., Waveland, cultivation of marijuana, bond set at \$5,000.

Corr said Operation Incarceration was a success due to the full and complete cooperation of all law enforcement agencies.

"These Operations are well planned and it takes a lot of time to get enough evidence of probable cause to obtain a warrant for the individuals arrested," Corr said.

"Many times we hear about drugs being sold in a particular

area, and we have already made purchases from the individuals. If we have not as yet, the public can be assured that we are addressing the matter as fast as possible. There may be further investigating necessary because of the involvement of other drugs dealers in that particular area, so we do not make an immediate arrest due to jeopardizing an on-going operation," Corr added.

overall scholastic achievement is an incentive for students, parents and schools," Cochran said.

Other studies have shown that arts activity lowers the likelihood of delinquent behavior and encourages attendance and achievement of at-risk high school students.

Cochran said, "Vision and excellence can't be mandated, but through legislation, such as the Congressional Recognition of Excellence in Arts Education Act, we can reward it."

ST. ROSE 73RD ANNUAL FAIR

St. Rose de Lima Catholic Church will be celebrating its 73rd Annual Fair on July 2, 3, & 4, 1999.

Theme: "St. Rose Building Together on Our Foundation" It is a time for family, friends, and alumni to come together for fun and entertainment. This is one of St. Rose's biggest fund-raising events. The fair not only raises money for St. Rose but provides fun, games and entertainment for all--young and old.

Each year St. Rose's fair committee designs a beautiful commemorative tee-shirt. This year our shirt was designed by Alex Treutel, a ten year old resident of Bay St. Louis who attends Bay Catholic Elementary and is a member of Our Lady of the Gulf Catholic Church. Alex is the son of David and Angelyn Treutel.

Outside activities and entertainment begin at 7 pm-12 pm each night. There will be Women Softball Games on Sat., July 3 starting at 3 pm featuring Y2K Ready Team on the School Grounds. A \$1,500 Raffle will end the fair on July 4. Lots of food.

FLAG RAISING

A special flag raising will kick off the 4th of July weekend at the Bay Flag Memorial on July 2 at 9 am.

The color guards of the American Legion Post 77 and 139 and their auxiliaries, VFW Post 3253 and its auxiliary, and Bay High JROTC will take part in the program. Other organizations that will be present are the Marine Corp. League, P.O.W.s, Under Age Vets, 40/8, the cities of Bay St. Louis and Waveland, and Boy Scouts.

On July 3, Post 139 and VFW Post 3253 will be part of the parade to be held in Gulfport at 10 am.

The general public is invited and encouraged to attend both the flag raising and parade.

FIREWORKS DISPLAY

Casino Magic will hold a free fireworks display on July 4th at 9:00 p.m.

Parking — Murphy family plans hotel

Continued from Page 1A

In an interview at the site, Murphy brothers Ray, Ken and "Rock" said Tuesday they have no choice but to charge enough to cover costs of liability insurance, and to help carry the note for the purchase. If the city wants to lease the lot and continue to have it open as a free facility, the Murphys say they're more than happy to talk.

But no talks between the Murphys and the city have materialized immediately. Ray Murphy said he dropped a letter off at City Hall Tuesday afternoon, outlining a potential landlord-tenant relationship with the city.

The Murphys insist that city officials have "ignored" the problems that the tiny tourist downtown area faces: a lack of parking to accommodate shoppers and visitors, and a lack of hotel accommodations to lure more business downtown. "The city's just ignored it, like it's going to go away," Ken Murphy said of the problems.

"Until the city brings something down here to lure tourists, it's not going to work," Ray Murphy added. He questioned the wisdom of rebuilding the Ulman Street pier for \$1 million, for instance, with inadequate parking facilities to accommodate visitors to the pier.

A \$5 million development including hotel rooms, more parking and a new marina are the

Murphys' proposed solution. But, they say they haven't been able to attract the appropriate kind of development for the beachfront property the Murphys own because of the lack of public parking downtown. Ray Murphy said the family has refused some developmental offers, because they were not fitting for the downtown's ambience.

And the family has shelved plans they once had for operating a small casino on their property, saying the hotel and marina possibilities are more what the city needs.

Plans for the development configuration are indefinite, but the Murphys say they may construct some hotel rooms over their newly acquired parking lot, with additional rooms in a beachfront structure.

With the purchase of the parking lot, the Murphys also took title to additional beachfront footage directly across the street, giving the family ownership of about one-third of the downtown's waterfront. Family members own Dan B's Restaurant and Bar, and undeveloped acreage stretching southward from the foot of Main Street.

Any recreational marina that would be included in the plans, they say, would help fill a 5,000-slip shortage on the Gulf Coast. There's also a shortage of about

1,000 hotel or motel rooms in Hancock County, according to the Murphy estimates.

Merchants may be upset, understandably, that the former free parking facility is going to become a pay-to-park lot, said Ken Murphy. But, he added, many of the cars that are parked in the lot are employee vehicles, he said.

Employees probably will move their cars elsewhere, opening the lot's spaces to more downtown tourists and shoppers, he added.

"We're willing to cut a deal with the city where the city would pay a flat fee, which will be totally reasonable," to leave the lot open as a "free facility," he said.

"We don't want to mess up anyone. Our objective is to increase business downtown. But you can't do that until you have the infrastructure and the parking."

The immediate bottom line, said Ray Murphy, is "the city should be talking to us, and either pay us, or we'll shut it off" as a free lot. "We want the merchants to know parking is available, but they'll have to pay a fee," Ray Murphy also said the public is accustomed to paying for parking all across America — the problem most drivers have is finding an available slot.

Ken Murphy said stressed that his family isn't trying to make money off the lot. "If we can do a deal with the city, we would love to

before we spend the money fencing it off, building an employee shed and hiring an employee."

Mayor Eddie Favre and other city officials, attending the Mississippi Municipal Association meeting in Biloxi this week, were not available for reaction to the Murphy brothers' comments.

they had requested. Hancock County received a total of \$225,000, and an additional \$18,750 for the Curtis Johnson boat launch project.

In other recreation-related business, supervisors authorized District 2 Supervisor Rocky Pullman to use some money left over from a drainage project in the Belle Isle Subdivision to pave an apron at the Pearlington Boat Launch. And, supervisors approved Pullman's request for a dumpster

and street light at the Pearlington pier.

McLeod Park Ranger and Recreation Director Roland Lee also got supervisors' approval to begin constructing another boat launch at the popular camp grounds.

Loftus said plans were to use some Tideland funds to match a grant that State Rep. Dirk Deaux has applied for from the Department of Wildlife and Fisheries to build finger piers, another comfort station and the

boat launch, but that funding was being held up. He said the comfort station project needs a NASA permit since McLeod Park is located in the buffer zone, and there has been some delay getting the approval.

Loftus said he would like to show DMR that some improvements have begun, so future funding from Wildlife and Fisheries would not be jeopardized.

"This strategic purchase along with last year's procurement of the land lease and purchase option of approximately 30 acres...now allows us to move forward with the licensing application and to procure financing in order to bring an exciting new project to this desirable location," he added.

The riverboat is scheduled to leave Canada at the end of July,

Last March, Phoenix Leisure officials came to Bay St. Louis to announce it had leased the 30-acre site off Lakeshore Road formerly leased by the Jubilation Casino.

Company officials were conducting feasibility plans, and said they intended to spend \$20 million to \$30 million on the gambling venture that would cater mainly to clients in nearby Louisiana and the Mississippi Gulf Coast.

Phoenix Leisure wants to build a 200-room hotel backing up to a newly created sand beach. The resort destination would also include a small marina, restaurants and a small re

Best transportation

Casino Magic Bay St. Louis Valet Team members John Anthony, Stephanie Spiers, Christie Milligan and Jeff Rose, show off the plaque for Best Transportation Providers on the Coast, won at the Mississippi Gulf Coast Coliseum's annual Summer Fair and Music Festival.

Casino Magic has best Transportation Department

Casino Magic Bay St. Louis' Transportation Department was named the Best Transportation Providers on the Coast at the Mississippi Gulf Coast Coliseum's Hospitality Nites, held in conjunction with the Coliseum Summer Fair and Music Festival in June.

Each year, Olympics are held for the casino industry with categories such as beverage, housekeeping, dealing and transportation. The Olympics present different challenges and fun for Gulf Coast casino employees.

The Transportation Olympics included the Trike Race, Pack N' Go and Match Box Car Parking.

Casino Magic Bay St. Louis entered three transportation teams, which won all three events. Team members are

Jeff Rose, Stephanie Spiers, Christie Milligan, John Anthony, Cliff Gilkerson, Michelle Carbon, Jennifer Polk, Matt Strauser, Kelly Fleetwood, Allyson Pigg, Tequilla Hall and Shelly An.

John Anthony of Bay St. Louis, swept the awards by winning the trike race and placing second in the Match Box Car Parking. He won first place overall and a total of \$175.

Cliff Gilkerson won second place overall, and Jeff Rose won third place overall.

The winners receive a monetary amount and a trophy for each place, and the team winners receive a team trophy and plaque.

Casino Magic Bay St. Louis was also represented in the dealer, beverage and housekeeping events.

Financial firm opens second Coast office

The investment firm of Raymond James Financial Service, Inc. has announced the opening of a second office in Pass Christian.

The first office is located in Pascagoula. Raymond James is headquartered in the Florida Gulf Coast city of St. Petersburg.

Services available from the company include asset management, banking and trust services, estate planning, retirement planning, insurance, cash management, investment banking and individual investments such as stocks, bonds, mutual funds and variable annuities.

As a member of the Securities Investor Protection Corpora-

tion and through private insurance, Raymond James provides insurance protection for cash in client accounts for amounts up to \$1,000,000 and securities up to \$50 million.

This coverage does not protect against market fluctuation. Raymond is also a member of the National Association of Securities Dealers.

The new office, which serves the entire Mississippi Gulf Coast, is located in Suite C, at 101 East Beach Boulevard, corner Market Street in Pass Christian.

Office hours at 8 a.m.-5 p.m. and by appointment at other times. Call 228-452-2252 and 228-452-2802 or fax 228-452-0616.

Checks Y2K ready

Unemployment checks will be paid without interruption when the new millennium dawns as the Mississippi Employment Security Commission (MESC) announced this week that the agency is Year 2000 compliant.

"There will be no slowdown of our services to the public when the new millennium comes," said Thomas E. Lord, executive director of MESC.

"We've worked hard because we know that our services of paying benefits and finding the unemployed jobs can't be interrupted."

The task of coming into compliance was a daunting one because the agency had more than 3,000 programs affected. More than 1 million lines of code had to be checked for compliance.

The agency's mainframe computer handles such programs as wage reporting, unemployment insurance rate and taxation, Employment Service job orders and referrals and Labor Market Information data.

To help with the job MESC hired software International of Raleigh, N.C. at a cost of about \$2 million. Once the consultant firm had checked and changed the lines of code, data processing staff of MESC worked after hours and on weekends to test the new system.

MESC had to have at least one major program Y2K compliant by Jan. 1 of last year. The benefits payments program which determines a claimant's eligibility for unemployment benefits uses a bene-

fit year calculation. The program sets up a benefit year from the date a claim is filed.

Since any claim filed after Jan. 1, 1999 would have a benefit year that extended into the year 2,000, the benefits payment program had to be Y2K compliant first.

"I'm pleased to say that we made this important deadline with very few problems," Lord said.

Lord said the millennium bug will have no effect on the vital services rendered by MESC.

Two join real estate firm

Century 21 McIntyre Rapp announces the newest sales associates to join the Century 21 sales team, Tom Cousins and Clarice Gardner.

Chari McIntyre Rapp is the broker and owner of Century 21 McIntyre Rapp in Waveland. "We are extremely excited about Tom and Clarice becoming part of our office and look forward to their growth within our office" said McIntyre. They both come from a customer service background and are ready to service the area's real estate needs.

Cousins comes from a long history of mortgage lending, where he worked with Magnolia Federal as executive vice president and served as president of Hancock Mortgage before retiring in February 1999. His wife, Linda, is an instructor at Pearl River Community College, and

they have two children Chris and Jennifer.

Garner moved to the area a year ago from South Carolina with her husband, Larry, who is employed with Wellman, Inc. They have three children, Lisa, Michael and Mitchell.

She comes from working in the banking industry for 20 years. Gardner knows first hand about relocating and is ready to assist others.

Cousins and Gardner will be specializing in residential sales. They are both highly qualified with their financial knowledge and ability to help people with their real estate needs.

NOTICE OF A FINDING OF NO SIGNIFICANT IMPACT

The USDA, Rural Utilities Service has received an application for financial assistance from Hancock Water and Sewer District. The proposed project consists of a water distribution system to serve approximately 500 customers in the Shoreline Park area. The construction will consist of a 12" diameter water well and a 150,000 elevated storage tank.

As required by the National Environmental Policy Act, the Rural Utilities Service has assessed the potential environmental effects of the proposed project and has determined that the proposal will not have a significant effect on the human environment and for which an Environmental Statement will not be prepared. However, because the proposed project consist of installing water lines to customers located within the floodplain and wetland areas, and in order to avoid or minimize any adverse environmental impacts, the Rural Utilities Service will require the applicant to incorporate the following mitigation measures into the proposed project's design. The Water and Sewer District must adopt legally enforceable tap-in restrictions to protect the identified 100-year floodplains and wetland areas within the above mentioned areas. The 100-year floodplain will be those areas identified by the Federal Emergency Management Agency on the latest edition of the Flood Insurance Rate Map (FIRM).

Copies of the Environmental Assessment can be reviewed or obtained at the Rural Development Office located at 132 Mairfair Road, Suite C, Hattiesburg, MS 39402. 601-261-3293. For further information please contact Robert W. Smith at 601-467-3292, Hattiesburg, MS.

Four clerks cited

Hancock County Sheriff's Deputies cited four area store clerks Saturday, who sold tobacco products to a volunteer teenager.

Sheriff Ronnie Peterson said officers conducted compliance checks at nine businesses in the county area which sell tobacco products.

"The teenager was able to purchase cigarettes at four of the nine businesses checked," said Peterson.

Employees from the following businesses were cited for the unlawful sale of tobacco products to a person under 18 years of age: The EZ Serve, Pearlington; Todd's Mini Mart, Hwy. 603; J&E Exxon, Interstate 10; and Todd's Food Mart Chevron, Interstate 10.

Peterson praised employees of the other five businesses for refusing to sell tobacco products to minors. They include Cuevas Grocery and Hardware, Pearlington; Kent & Sue's Quick Stop, Lakeshore; Carmel's Seafood, Lakeshore; D&K Quick Stop, Hwy. 603 and Conoco, I-10.

In an effort to reduce the number of illicit tobacco sales to minors, the Sheriff's Department, with the cooperation of Hancock County's Narcotics Task Force, routinely conducts tobacco compliance and enforcement checks using teenager volunteers.

McDermott cleared

Pass Christian Alderman Leo "Chipper" McDermott has been cleared of any conflict of interest charges stemming from his previous employment at Hancock Bank.

After a hearing last week, Harrison County Chancery Court Judge J.N. Randall ruled that as an alderman, McDermott was not in a position to profit from his employment at Hancock Bank, and that he was not in violation of state ethics laws. The decision settled a debate that had been simmering for almost a year.

McDermott hailed the decision, saying, "I wasn't a vice president of the bank. I don't have any stock in the company, and I didn't vote on anything" (involving Hancock Bank).

McDermott recently took a job with the Harrison County District Attorney's office, but had been instructed by city attorney Malcolm Jones to leave the room when matters came up involving Hancock Bank because the city deposits some funds there and makes some temporary loans.

The State Ethics Commission never issued an opinion on the case because no one lodged an official complaint. But, Bank attorney Harry Allen asked for the hearing before Judge Randall, saying the issue had to be cleared up by the court since so many people employed by banks serve on various boards and commissions.

1999 Fishing Rodeo Princesses tour county

The 51st Mississippi Deep Sea Fishing Rodeo with headquarters at the Rice Pavilion in Gulfport, runs Friday through Monday. There will be prizes for many salt water species and fresh water fish too. There will also be a kid's fishing rodeo to be held Saturday, 6 a.m.-6 p.m. There is no entry fee. All a fisherperson has to do is register before they fish.

There will be live entertainment each day and a major fireworks display on Sunday night. The fish will be on display daily. There is a \$2 admission for adults during the entertainment.

Last Thursday, the rodeo princesses visited Hancock County for the day.

At Bay Depot

The rodeo princesses during their annual visit to Hancock County visited the Bay St. Louis Depot and were greeted by several Bay firefighters.

At Chamber

The annual visit by the rodeo princesses started with breakfast at the Hancock County Chamber of Commerce's office. From left, Amy Gregory, chamber executive director; Russell Elliott, rodeo director; Janell Payne, Bay St. Louis princess; Jolinda Geoffrey, Waveland princess; Ashley Whitechuck, Hancock County princess; Tommy Longo, Waveland mayor; and Chuck Dedeaux, rodeo president.

At P&H office

Hal Walters, center, Hancock County Port & Harbor Commission executive director, greets the fishing rodeo princesses at the P&H office during their visit.

On train ride

A train ride on the Hancock County Port & Harbor Railway was a real treat for the princesses.

At old Bay City Hall

Bay St. Louis Mayor Eddie Favre greeted the 1999 Mississippi Deep Sea Fishing Rodeo Princesses during their tour of the county last Thursday.

At Waveland City Hall

Waveland Mayor Tommy Longo, fifth from left, greeted the 1999 rodeo princesses on their visit to the City of Waveland.

At Wave Pool

The 1999 Mississippi Deep Sea Fishing Rodeo Princesses are flanked by Chuck Dedeaux, third from left, president of the rodeo; and Buz Olsen, rodeo director, fourth from right at the Buccaneer State Park in Waveland.

At Lil' Ray's

The 1999 Mississippi Deep Sea Fishing Rodeo Princesses took time to lunch at Lil' Ray's in Waveland.

Farve, latest in long line of Ladner athletes, signs with SUNO

BY JOSEPH W. GEX II
Paul Farve, a 1999 graduate of St. Stanislaus High School, signed a basketball and track scholarship with Southern University of New Orleans on Friday, June 25.

The 6' guard is the son of Mr. and Mrs. Harry Farve of Bay St. Louis and was instrumental in the success of the Rock-a-chaws the past three years.

He helped the Rocks to the Elite Eight in Class 4A this past season. SSC was eliminated one game short of the state tournament in Jackson by the Picayune Maroon Tide who were led by 6'11" All-American Jonathan Bender. The Rocks finished the 1998-99 season with a 31-6 record.

SSC head coach commented on Farve, "Paul has been a three-year starter for us and was very integral in our success this past season. He has had an outstanding career here at SSC and we are very proud of his accomplishments and his opportunity to play at the next level."

This past season in basketball, Farve averaged 14.2 points, 6 rebounds, and 3.4 steals per game.

He was named to the All-Division team for Division 7 Class 4A, the All-Gulf Coast first team, and the Fox Super 25 team on the coast for all sports.

In track, Farve was a key ingredient in the Rocks winning their 11th division title in the last 12 years. Farve ran on the 400m and 800m relay teams, anchored the 1600m relay, and long jumped for SSC.

SUNO assistant basketball coach Elston King commented on Farve, "We are very ecstatic to have Paul Farve join our basketball team. We lost three guards to graduation this year, so he will have to jump in and make an immediate impact on our team. He may not start, but he will have an impact."

"Paul Farve will get a chance to play with some of the best talent in the nation in a compe-

Paul Farve, a 1999 graduate of St. Stanislaus, signed a basketball and track scholarship with Southern University of New Orleans. tive league. We have reached the national tournament in two out of the last four years and have produced several NAIA All-Americans in that time span."

"Paul will not only have to work hard on the court but also in the classroom. Our head coach, Earl Hill, stresses academics first and he proves it by having a graduation rate of over 70%."

"Paul will play both the one and two guard positions for us. We liked Paul the moment we saw him. He is just a very impressive young man and will make a great addition to our basketball and track teams here at SUNO."

However, Paul is just one piece of a puzzle of athleticism

that SSC head basketball coach Jay Ladner has put together at the school which overlooks the beautiful Bay of St. Louis and Gulf of Mexico.

Ladner was hired in 1992 to lead the Rocks on the basketball court. Since then, he has blazed a trail of success that is perhaps one of the best in the long and storied tradition of SSC athletics.

Several of Ladner's proteges have played college athletics and some not in basketball. However, most of his former players that played at the next level attribute their athleticism to Ladner.

Michael Lee and Ryan Harrell, both 1992 graduates of SSC, played for Ladner in his first season at the helm. Lee went on to have an All-American career in football at Rhodes College in Tennessee where most of his rushing records still stand.

Harrell played college basketball at Pearl River Community College.

In 1995, several of Ladner's players made the jump to the next level. Vince Moran, Nate Middleton, and Brandon Benoit all signed college athletic scholarships.

Moran signed a track scholarship with Mississippi State University in Starkville. He was a High School All-American in track while at SSC and became just the fourth person in Mississippi track and field history to break the 7' barrier in the high jump. Currently, Moran is jumping at Mississippi State where his personal best is a jump of 7'2".

Middleton signed to play football at Morehead State University in Minnesota. Middleton recently graduated this past spring after an all-star career on the gridiron.

Benoit played college basketball at Pearl River Community College in Poplarville.

In 1996, four players made the transition from high school to college athletics. Terry Lawyer, Corey Gex, Kelton Thompson, and Maurice Singleton all made the jump.

Lawyer signed a basketball scholarship with Mississippi State University. He played his freshman season in Starkville before transferring to Mercer University in Macon, Georgia.

Gex signed to play football for the University of Mississippi in Oxford. For the Rebels, Gex played middle linebacker and won two bowl games with Ole Miss.

Thompson signed with the Crusaders of William Carey College. He is currently the starting point guard for the Hattiesburg school.

Singleton made the basketball team at Pearl River Community College as a walk-on after his high school days were over.

In 1997, three athletes signed to play at the next level. Corey Charles, Matt Kophler, and Mike Fenasci all moved on.

Charles signed to play football with McNeese State University in Louisiana. He transferred to Grambling University last season and currently plays running back for Grambling.

Kophler signed to play with the Millsaps Majors in Jackson after his senior season. At the end of last season, he transferred to Loyola University of New Orleans where he currently plays for the Lions.

Fenasci currently plays for Benedictine College in Ashton, Kansas.

Just prior to school letting out in May, Junior Davis signed to play for the Wildcats of Pearl River Community College. Davis and Farve were teammates on this year's Rock-a-chaw hoop team.

As his track record proves, Ladner not only coaches basketball for the Rocks, he fosters and nurtures athletes of all varieties.

Boat, don't booze, this Fourth of July

Booze and boating don't mix, especially on the Fourth of July. BOAT/US estimates that as many as 60 people could die on the nation's waterways over the July 4 weekend -- the nation's deadliest for boating accidents.

If past statistics are any guide, half of these deaths will involve alcohol.

Test your alcohol awareness and see if you can answer these questions, taken from the BOAT/US Foundation for Boating Safety on-line safety course.

The free course, made up of 50 general and five state-specific questions, is available at www.boatus.com.

1. A review of the U.S. Coast guard boating accident statistics show that most boating accidents, especially fatal accidents, occur because of:

- a. safety equipment failure
- b. weather condition changes
- c. situations involving rough water
- d. operator judgment, awareness and behavior
- e. poor boat design

The correct answer is "d," operator judgment, awareness and behavior. According to the Coast Guard, these factors contribute to more than 60 percent of all boating fatalities. Alcohol is involved in as many as half of all boating deaths.

2. Which of the following statements are true about the use of alcohol while boating?

- a. It is against the law to operate a boat while under the influence of alcohol.
- b. Alcohol has little effect on you while boating because of the fresh air and movement of

the boat.

c. Alcohol's effect is more pronounced due not only to the alcohol, but because of the sun, the noise of the boat and other environmental factors.

- d. A and B only.
- e. A and C only.

The correct answer is "e." It is against the law in every state, the District of Columbia and Puerto Rico to operate a boat while under the influence of alcohol. If the blood alcohol content is .10 percent (.08 percent in some states) or higher, violators are subject to fines and possible jail sentences for operating a boat while intoxicated.

The stress of the sun, the noise of the boat, the motion of the waves and other environmental factors produces its own kind of fatigue, which slows reaction time even when people are totally sober. Adding alcohol to the mix simply intensifies the fatigue.

1. Responsible boat operators will only drink alcohol:

- a. When no other boats are on the water.
- b. If they know how much alcohol they can handle.
- c. When the water is calm.
- d. After the sun goes down.
- e. After docking or anchoring at their final destination.

The correct answer is "e." "Boaters should postpone that beer or cocktail until they're back at the dock or are safely anchored for the night," says Ruth Wood, director of the BOAT/US Foundation for Boating Safety.

"Alcohol isn't the sort. Boating is the sport. We want everyone to enjoy it safely every day, including the fourth of July," she said.

Fire Dog "D" keys 32-27 win over Texas

BY JOSEPH W. GEX II

The Mississippi Fire Dogs inched one step closer to the playoffs by firmly establishing themselves in third place with 32-27 win over the Texas Terminators in the Mississippi Coast Coliseum on June 27th.

Texas is the league leader with a 9-2 record while Mississippi sports a 5-6 record.

The first quarter of the game ended 0-0 after both teams traded possessions twice.

Texas scored on their first possession of the second half when Tom Fitzgerald nailed a 22 yard two-point field goal with 11:57 to play in the half.

But, the troubles didn't stop there. On the ensuing kickoff, the Fire Dogs fumbled and the Terminators recovered the loose ball in the endzone for a touchdown. The PAT was no good and the score remained 8-0 with 11:52 to play in the first half.

On Mississippi's next possession; however, John Fourcade and the offense got the ball moving.

Fourcade connected with big play receiver Kenny Causey down to the Texas 23 yardline. Two plays later, Fourcade ran the ball in for a 17 yard score.

Buster Browne converted on the two-point play and the score was tied 8-8 with 9:31 left in the half.

Two plays into Texas' next possession, Fire Dog defensive back Dalton Simmons intercepted James Brown's pass to give Mississippi the ball back.

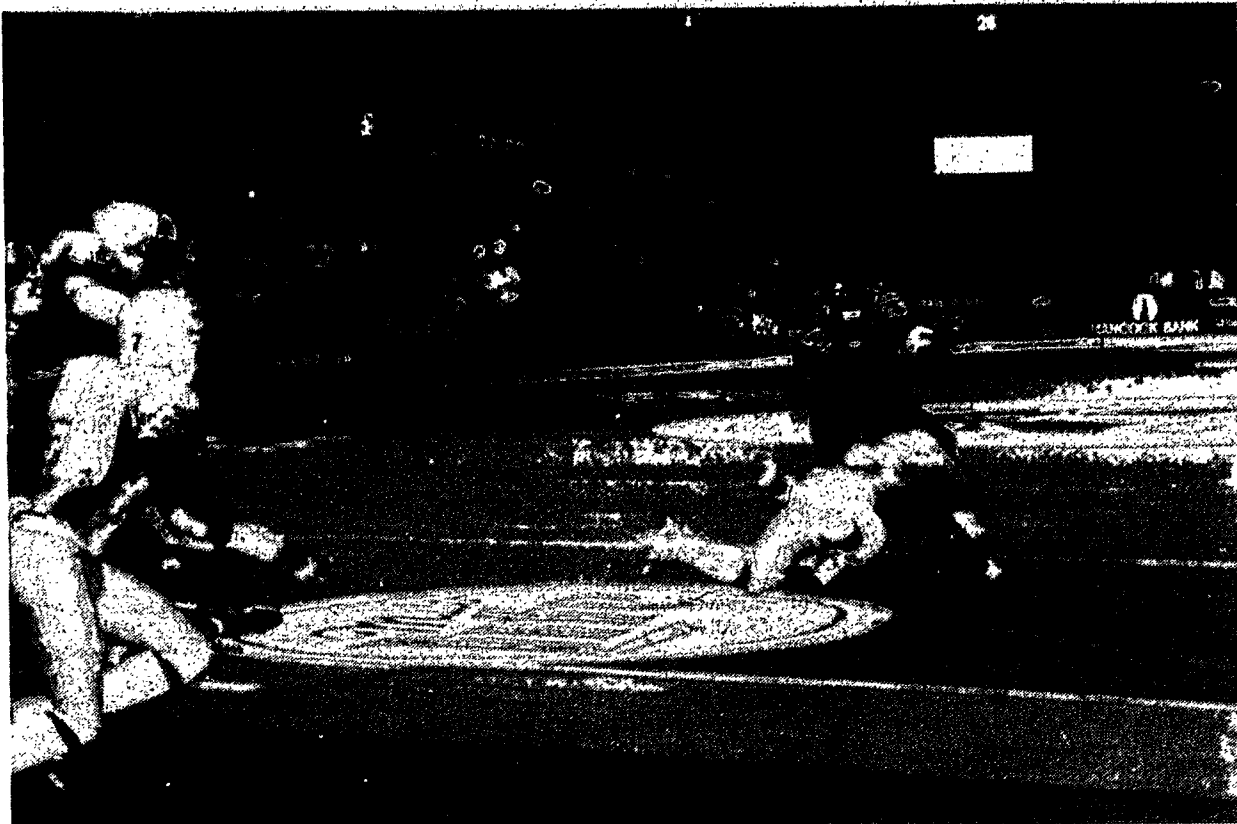

The Fire Dogs moved the ball down to the Texas 10 yardline where Rhodes connected on a two-point field goal with 4:52 left to play. The score was 10-8.

Texas reclaimed the lead with one play from scrimmage on the next possession. Brown found Cory Caesar for a 40 yard scoring strike. The PAT was good and the score was 15-10 with 4:23 left in the half.

Rhodes missed a 33 yard field goal attempt with a little less than two minutes left.

The Fire Dog defense kept the Terminators from scoring before halftime. Hancock County native Bobby Doyle made three key stops in the defensive stand for the Fire Dogs.

In the third quarter, the Terminators kept Mississippi out of the endzone; however, it back-

fired for Texas on their next possession.

Brown dropped back to pass from his own endzone and was sacked by Tim Bell. During the sack, the ball popped loose and Brad Hignight recovered the loose ball for the Fire Dog score.

Rhodes connected on the PAT and made the score 17-15.

Curtis Jeter of the Fire Dogs came up big in the next series when he sacked Brown twice and recorded two hurries to make Texas settle for a field goal.

Fitzgerald nailed a 36 yard attempt with 2:03 left in the third quarter. The score was 18-17.

But, the lead change for the Terminators didn't last too long as Causey took the ensuing kickoff back 48 yards for a score.

Fourcade found Nicky Seymour in the back of the endzone for a two-point conversion that made the score 25-18 with 1:54 to play in the third quarter.

After three pass breakups in the endzone by Fire Dog defensive backs, Fitzgerald nailed an 18 yard two-point field goal

with 11:26 left to play in the game. The score was now 25-20.

After the ensuing kickoff from Texas, the Fire Dogs methodically moved the ball down the field to the Texas one yard line.

Three plays later, Browne plunged over the line for the score with 7:53 left to play.

Rhodes amde good on the PAT and the score was now 32-20.

Malcolm MacKenzie pulled in a pass from Browne at the five yardline and carried the ball across for a Terminator touchdown with 6:06 left.

Fitzgerald connected with the PAT and brought Texas to within five points at 32-27.

Clarence Robinson recovered two fumbles on consecutive Terminator possessions to key the Fire Dog defense in the win.

Robinson talked about the team's performance late in the game, "Our defense is playing real well right now. Our line-man are going after them and the defensive backs are coming up and making some big hits."

"As for my two fumble recoveries, I happened to be in the

right place because of what the other defensive players are doing."

The Fire Dogs will entertain Idaho on Saturday, July 3, at the Mississippi Coast Coliseum. Game time is set for 7:30pm.

Kenny Causey commented on the Stallions, "They are a very good ballclub. They beat us up there. They have a strong wide receiving corps, so our defensive backs will be a focal point for us this week."

Bouis lost for season

The Mississippi Fire Dogs of the Indoor Professional Football League (IPFL) have announced that Defensive Back Kevin Bouis has been lost for at least six weeks after suffering a broken leg in the Fire Dogs' 32-27 win over Texas.

Head coach/GM John Fourcade said, "The injury occurred in the first quarter when Kevin was leg whipped."

Bouis was seen by team Dr. Rick Weiland at Gulfport Urgent Care where he discovered a break of the right fibula.

Dr. Weiland has referred Bouis to team orthopedic surgeon Dr. Ricardo Rodriguez for a follow-up examination June 30.

Hankins continues to dominate Sun Coast oval

Rickey Hankins of Purvis was fast qualifier in a 13-car field of Late Models for the Spring Thunder Nol. 2 feature race. Hankins, who has been almost unbeatable on the Sun Coast oval for the past two years, continued his dominance of the quarter mile clay oval by going on an easy flag-to-flag run for the win.

Trevor Boyd of Hattiesburg shared the front row starting spot with Hankins, but was unable to hold off Larry Lambeth of Flomaton, Fla. and Billy Joe Schonewitz of Saucier.

Billy Joe Schonewitz, who had won one of the earlier heat races, along with Lambeth, managed to move into the top three, but could not offer a challenge to the familiar R2 Bullit of Hankins.

Bubba Schonewitz started on the second row alongside Lambeth but fell back as far as sixth before the checkers flew. Boyd managed to hold on to the fourth spot behind Schonewitz while Lambeth finished a distant second to Hankins. Sean Hickerson also won one of the earlier races.

Mike Ladner was another driver who had little trouble in claiming the Pro Stock feature win. Pole sitter Mike Pallou managed to win the battle with Rodney Bruce for the second spot with Bruce giving up the battle with mechanical problems.

Randy Eaton, who has won several feature races this season, finished third over his son Jeremy Eaton. Larry Cifra rounding out the top five. Mitchell Williams and Ron

Maxie were both heat race winners.

Wallace Allen added another IMCA feature win to this ever growing list by going on a flag-to-flag run.

Ben Stephens managed to apply the heat to Allen while holding off a hard-charging Donald Parker, but could not manage to make a pass on Allen. Allen also won the heat race.

Lonnie Scarbrough was another driver claiming a flag-to-flag win in the Street Stock feature by holding off heat winner Bill Stewart. Stewart also had his hands full from Rodney Barber, who has been one of the top contenders in this division.

Michael Williams finished fourth with Noah Daspit rounding out the top five in the 17-car field. Bubba Trotter was also a heat race winner.

Michael Beech also went flag to flag to win both heat and feature races in the Rookie class. Roger Ladner and James Dean chased Beech to the checkers. Dean McFadden had some anxious moments when his rookie car crossed up on the back strait, rolling over and catching fire while resting upside down.

Fortunately McFadden was able to escape, without injury, before the fire consumed the entire car.

PRCC basketball camp for grades 3-6 set

The 1999 Pearl River Community College Wildcat Basketball Camp for boys in grades 3-6 is set for July 13-16 in M. R. White Coliseum.

PRCC head men's coach Richard Mathis will direct the day camp and will be assisted by assistant coach Mike Smith and members of the PRCC's 1999 squad and select high school coaches.

The camp will be conducted 8:30 a.m.-noon daily.

The fee for campers is \$60 and the cost covers a camp t-shirt, individual coaching, excess insurance, and a personal evaluation. Individuals trophies will be presented to the camps free-throw, hot shot, one-on-one, three-on-three, and five-on-five champions (for

each individual age group).

For information or a camp application, call Mathis at 601-795-1175, Smith at 601-795-1185, or write: coach Richard Mathis, Pearl River Community College, 101 Hwy. 11 North, Box 5037, Poplarville, MS 39470.

RESOLUTION
The Board of Supervisors of Hancock County, Mississippi (the "County"), took up for consideration the matter of issuing General Obligation Taxable Port Bonds, Series 1999, of said County. After a discussion of the subject, Supervisor Steve Seymour offered and moved the adoption of the following resolution:

RESOLUTION DECLARING THE INTENTION OF THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI TO ISSUE GENERAL OBLIGATION BONDS, SERIES 1999, OF HANCOCK COUNTY, MISSISSIPPI IN THE PRINCIPAL AMOUNT NOT TO EXCEED TWO MILLION FIVE HUNDRED THOUSAND DOLLARS (\$2,500,000) TO RAISE MONEY FOR THE PURPOSE OF EXPANSION OF THE RAIL CAR WASH, REHABILITATE BULKHEAD, EXPANSION OF SEWER TREATMENT PLANT, IMPROVEMENTS TO SHIP TERMINAL, AND GENERAL INDUSTRIAL ACCESS ROADS IN PORT BIENVILLE INDUSTRIAL PARK AND REHABILITATION OF REFURBISHING ELEVATED WATER STORAGE TANK, PAVING OF ACCESS ROADS, AND CONSTRUCTION OF TANGERS AT STENNIS INTERNATIONAL AIRPORT, AND DIRECTING PUBLICATION OF NOTICE OF SUCH INTENTION.

Whereas, the Board of Supervisors of Hancock County, Mississippi (the "Board"), acting for and on behalf of Hancock County, Mississippi (the "County"), hereby finds, determines, adjudicates and declares as follows:

1. The County is authorized by Section 59-9-1 et seq., Mississippi Code of 1972, as amended (the "Act"), to issue bonds hereinafter proposed to be issued for the purposes and for the amount set forth in paragraph 2 of this preamble.

2. If it is necessary and in the public interest to issue General Obligation Taxable Port Bonds, Series 1999 (the "Bonds") of the County in the principal amount of not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000) to raise money for the purpose of expansion of the rail car wash, construction of a new truck wash, railroad storage tank, rehabilitation bulkhead, expansion of sewer treatment plant, improvement of ship terminal, and paving industrial access roads in Port Bienville Industrial Park and rehabilitation of refurbishing elevated water storage tank, paving of access roads, and construction of tangers at Stennis International Airport.

3. The assessed value of all taxable property within the County, according to the last completed assessment for taxation is Two Hundred Fifty Five Million Eight Hundred Forty Five Thousand Eight Hundred Ninety Six Dollars (\$255,845,896.00); the County has outstanding bonded indebtedness subject to the twenty percent (20%) debt limit prescribed by Section 59-9-17, Mississippi Code of 1972, as amended, in the amount of Twenty Million Thirty Thousand Dollars (\$20,030,000.00); the balance of the Bonds hereinafter proposed to be issued pursuant to the Act, when added to the outstanding bonded indebtedness of the County, will not result in bonded indebtedness, exclusive of indebtedness not subject to the debt limit, of more than twenty percent (20%) of the assessed value of taxable property within the County, and will not exceed any constitutional or statutory limitation upon indebtedness which may be incurred by the County.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD, ACTING FOR AND ON BEHALF OF THE COUNTY, AS FOLLOWS:

SECTION 1. The Board hereby declares its intention to issue General Obligation Taxable Port Bonds, Series 1999, of the County in the principal amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000) pursuant to the Act to raise money for the purpose of expansion of the rail car wash, construction of a new truck wash, railroad storage tank, rehabilitation bulkhead, expansion of sewer treatment plant, improvement of ship terminal, and paving industrial access roads in Port Bienville Industrial Park and rehabilitation of refurbishing elevated water storage tank, paving of access roads, and construction of tangers at Stennis International Airport.

SECTION 2. The Board proposes to direct the issuance of the Bonds in the amount, for the purposes and secured as aforesaid at a meeting place of the Board at its meeting place in the Hancock Courthouse in the City of Bay St. Louis, Mississippi, at the hour of 10:00 o'clock a.m. on July 6, 1999.

SECTION 3. If on or before 10:00 o'clock a.m. on July 6, 1999, twenty percent (20%) of the qualified electors of the County or fifteen hundred (1,500) which ever is less, shall file a written protest with the Clerk of Hancock County against the issuance of the Bonds pursuant to the Act, then Bonds for such purpose or purposes shall not be issued unless authorized at an election on the question of the issuance of said Bonds to be called and held as provided by law. If no protest be filed on or before 10:00 o'clock a.m. on July 6, 1999, against the issuance of Bonds, the Bonds may be issued without an election on the question of the issuance of the Bonds at any time within a period of two (2) years after the date specified in Section three.

SECTION 4. This resolution shall be published once a week for at least three (3) consecutive weeks in the Sea-Coach Echo, a newspaper published in and having a general circulation in Hancock County and qualified under the provisions of Section 19-3-51, Mississippi Code of 1972, as amended. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed herein for the issuance of the Bonds, and the last publication shall be made not more than seven (7) days prior to such date.

SECTION 5. The Clerk of the Board shall be and is hereby directed to procure from the publisher of the aforesaid newspaper the customary proof of publication of this resolution and have the same before the Board on the date and hour specified in Section 2 hereof.

Section 6. If any one or more of the provisions of this resolution shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any of the other provisions of this resolution, but this resolution shall be construed and enforced as to such legal or valid provision or provisions had been contained herein.

Supervisor Frederick Pullman seconded the motion to adopt the foregoing resolution, and the question being put to a roll call vote, the result was as follows:
Supervisor Lynn "Jag" Lachar, Sr. voted: aye
Supervisor Rodrick "Rocky" Pullman voted: aye
Supervisor Lisa L. Coward voted: aye
Supervisor Steve Seymour voted: aye
Supervisor Philip E. Momm voted: aye

The motion having received the affirmative vote of a majority of the members present, the President of the Board declared the motion carried and the resolution adopted, on this 17th day of May, 1999.

4MILL
JUNE TERM, 1999
DECLARE INTENTION
TO LEVY 4 MILLS
CLERMONT HARBOR/LAKESHORE FIRE PROTECTION DISTRICT

Whereupon it was moved by Supervisor Steve Seymour, seconded by Supervisor Lynn Lachar, the adoption of the following resolution:

RESOLUTION OF THE HANCOCK COUNTY BOARD OF SUPERVISORS DECLARING THE INTENTION TO LEVY FOUR (4) MILLS UPON EACH DOLLAR OF ASSESSED VALUATION IN THE CLERMONT HARBOR/LAKESHORE FIRE PROTECTION DISTRICT, HANCOCK COUNTY, MISSISSIPPI.

WHEREAS, the Board of Commissioners of the Clermont Harbor/Lakeshore Fire Protection District of Hancock County Mississippi at their meeting on May 16, 1999 by resolution unanimously adopted, requested the Hancock County Board of Supervisors to levy four (4) mills in accordance with Section 19-5-189 (2) (d), Mississippi Code of 1972, Annotated; and

WHEREAS, the proceeds of said levy shall be used for the operation, maintenance and purchase of equipment for the Clermont Harbor/Lakeshore Fire Protection District; and

WHEREAS, the intention to levy the tax shall be published once a week for three (3) consecutive weeks in a newspaper published in the County and having a general circulation therein and a copy of this resolution shall also be posted at three (3) public places in the County for a period of at least twenty-one (21) days during the time of its publication in a newspaper. If more than twenty percent (20%) of the qualified electors of the district shall file with the Clerk of the Board of Supervisors within twenty-one (21) days after adoption of the resolution of intent to levy the tax, a petition requesting an election on the levy shall not be made unless authorized by a majority of the votes cast at an election to be called and held for that purpose with the district.

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Supervisors of Hancock County, Mississippi intends to levy four (4) mills upon each dollar of assessed valuation in the Clermont Harbor/Lakeshore Fire Protection District, proceeds of which to be used for operation, maintenance and purchase of equipment, effective January 1, 1999 pursuant to Section 19-5-189 (2) (d), Mississippi Code of 1972, Annotated, and that the Clerk be and is hereby authorized and directed to advertise this resolution as set out in the foregoing.

The matter then being put to a roll call vote, the result was as follows:

Those voting yes: Supervisors Lynn Lachar, Rodrick Pullman, Lisa Coward, Steve Seymour and Philip Moran.

Those voting no: None.

The motion having received the unanimous affirmative vote of all members of the Board, the President declared the motion carried this 7th day of June, 1999.

Published by Order of the Hancock County Board of Supervisors dated this 7th day of June, 1999.

Lorrie Morgan to perform

Music has always been a major part of country superstar Lorrie Morgan's life. Born the youngest daughter of country crooner and Grand Ole Opry star George Morgan, Lorrie grew up singing all sorts of genres, but it was country music that captured her imagination.

Following closely in her father's footsteps, she began her career singing at the Opry. Her solo debut at the age of 13 was received by a standing ovation for her rendition of "Paper rose."

After her father's death in 1975, Morgan worked with George Jones' roadshow. In 1979, she scored her first minor chart successes with "Two People In Love" and "Tell Me I'm Only Dreaming."

Morgan continued her chart success with the Top 20 hit "Trainwreck Of Emotion" in 1988. But it was a number 9 hit, "Dear Me," that finally established her as a major star.

In 1990, she achieved her first number 1 with "Five Minutes." From that point, she has registered a regular stream of hit recordings including "Til' A Tear Becomes A Rose," "Except For Monday" and "A Picture Of Me Without You."

Morgan is equally at home

with up-tempo numbers or with ballads that call for the 'big voice' technique, such as her recording of "Something In Red."

Looking back on her career, Morgan says, "At this point in my life I have been a daughter, a bride, a mother, a divorcee, a widow, a single mother, a breadwinner and ultimately a survivor. It seems in many ways, that I am a living, breathing country song and I guess I now of what I sing."

Highlights of Morgan's career include being nominated three straight years, 1990-92, as the Female Vocalist of the Year by the Country Music Association

In 1994 and 1996, Morgan was also chosen as the Female Artist of the Year by the fan-voted TNN Music City News Awards. Her records have sold more than seven million copies and she has just released her eighth album, "Shaking Things Up."

Lorrie Morgan will be performing one show only at the Biloxi Grand Theatre Thursday, July 8 at 8 p.m.

Tickets are \$39.95 floor/\$34.95 balcony. Tickets are on sale now at the Biloxi Grand Theatre (1-800-WIN-2-WIN ext. 2804) and at TicketMaster outlets.

'Chris Rock'

Easily one of the most recognizable names in comedy today, Chris Rock has come a long way to earn his comedic status.

From an early age, Rock knew he would be somebody someday. In fact, childhood friends recall him walking around saying to anybody who would listen, "I'm Chris Rock. I'm Chris Rock," as if he were practicing at being famous.

And it wasn't long before the comic wannabe began making a name for himself. Emulating the stylings of Richard Pryor, Sam Kinison, Steve Martin and Eddie Murphy, Rock took his act to the New York club circuit.

His big break came when mentor Eddie Murphy caught a show and liked his act. From that point, Rock gained appearances on HBO's Uptown Comedy Express, Saturday Night Live and In Living Color.

He later entered the big screen scene with roles in Beverly Hills Cop II, Boomerang and the movie Dr. Dolittle, to name a few.

Chris Rock is now bringing his hilarious street-smart comedy act to the Biloxi Grand Theatre for one show only, Friday, July 2, 10 p.m. Tickets are \$44.95 floor/\$39.95 balcony.

Tickets are on sale now. Call 1-800-WIN-2-WIN or at TicketMaster outlets.

GRAND AMERICAN

GAME SHOW

Now showing at the Gulfport Grand Showroom the "Grand American Game Show." This is the Coast's first live game show with 70 minutes of non-stop action with over \$36,000 worth of prizes given away each and every week. Every audience member will walk out with either a prize or a special gift.

This all-new revue starts Fielding West, who has been seen on such hit television shows as Murphy Brown and Entertainment Tonight. West will not only host this fun-filled new show, but also provide comedy and magic between prize giveaways.

The show itself will be a parody of some of television's greatest game shows. The audience will be playing along in games like Name That Song, Spin And Win, Name Your Price, The Oldwyed Game, and the Blind Dating Game.

There will be over 50 drawings, over 25 audience participation giveaways and over 20 prizes given away at every show including a chance to win a

brand new 1999 Hurricane RV July 4.

Show times for Grand American Game Show:

Sunday, 3 and 8 p.m.
Monday, 8 p.m. only

Tuesday, 4 and 8 p.m.
Wednesday, 3 and 8 p.m.

Thursday, 3 and 8 p.m.
Friday, dark

Saturday, 8 and 10 p.m.
Tickets are \$9.95 per person.

Must be 21 or older to attend. For ticket and information, call 1-800-WIN-7777. Tickets are also available at TicketMaster outlets.

THE COASTERS
Friday, July 9, 8 and 10 p.m.

Both shows are free to the public.

Show business has never seen or heard a group quite like The Coasters. Their whimsical style and great harmony set them apart from the rest.

All of The Coasters material was written and produced by Leiber and Stoller, the famous songwriters who wrote for Elvis Presley.

Crawfish Boil
Every Thursday

There's a crawfish boil Thursdays, 5:30-8:30 p.m. For \$1.50 you get one pound of Cajun-style crawfish along with \$1 drafts and you may kick up your heels to some of the best Zydeco bands the Coast has to offer.

All takes place on the deck between the West entrance and Kids Quest (weather permitting).

For information, call 1-800-WIN-7777.

OASIS RESORT & SPA
OPENING JULY 1

The new luxurious Oasis Resort and Spa is scheduled to open July 1. The new resort adds 600 rooms to the Grand Casino Gulfport property.

The Oasis itself is designed to look and feel like a beach resort vacation destination hotel.
